

Alla cortese attenzione dei **Soci SIMCRI**,

È con grande piacere che, a nome della venous-lymphatic World International Network (v-WIN) foundation, portiamo all'attenzione della Comunità Veno-Linfatica il

v-WINdonesia World Congress (BALI ISLAND, INDONESIA 24-26 Ottobre, 2024)

insieme alla missione umanitaria educativa pre-congressuale

v-HELP Humanitarian and Educational Mission

(Udayana University Hospital, 22-23 Ottobre, 2024)

<https://vwinfoundation.com/v-windonesia/>

La **VISION** è il coinvolgimento di massimi Esperti provenienti da tutti i continenti, insieme a nuovi talenti. Il FOCUS principale dell'evento è l'analisi di **Real World Data multi-specialistici**, nonché l'identificazione di argomenti flebo-linfologici ben supportati da evidenza scientifica versus quelli ancora in necessità di opportuna validazione.

L'incontro presenziale sarà nell'**isola di Bali** (INDONESIA) dal **24 al 26 Ottobre 2024**.

Durante i due giorni precedenti al congresso, un'**attività umanitaria ed educativa** verrà svolta a favore di pazienti in difficoltà economica ed affetti da severa Insufficienza Venosa/Linfatica Cronica.

Diversi hands-on, workshops ed esperienze pratiche verranno organizzate in favore del paziente e dei partecipanti sanitari.

Questi ultimi sono poi invitati a presentare loro contributi in **qualsiasi lingua** durante il congresso

(<https://vwinfoundation.com/v-windonesia-abstract-submission/>).

Diverse categorie di **Hotel** sono disponibili con prezzi riservati, **a partire da 53 USD** per notte per due persone. **Turkish Airlines** è compagnia ufficiale dell'evento con scontistica dedicata (se interessati scrivere a opbali@myskyhub.com).

Con la presente, formuliamo cortese richiesta a **SIMCRI** di aiutarci ad identificare **professionisti sanitari** (medici, infermieri, fisioterapisti, etc) interessati a partecipare come **parte ATTIVA** all'evento, portando loro contributi, eventualmente anche in italiano, in linea con la **MISSION** progettuale **"TOGETHER FORWARD"**. E' infatti nostra speranza che, in questo modo, potremo avanzare tutti insieme nella corretta gestione del paziente flebo-linfologico, di più ancora condividendo **esperienze teoriche e pratiche** in un **contesto speciale** quale quello **indonesiano**.

Ringraziando per l'attenzione, rimaniamo a disposizione (info@vwinfoundation.com)
